Generalization — the control above you my gratifunds for the relief that I have received from the case of water cent me! My case was truly a sad one, and slight partialization all that I looked for, but to feel as in my beybood and prime again—to stand in the pulpit as when in my prime, seemed out of the question; and yet so it is. God bless you my heart asys. I return ease and empty bottles to-day to be refilled, and shall wait impatiently for the return. I could not refuse sending some of the water to bersons who were suffering as I was, and in every listance the relief was the same. Let me know in what way I cam show my gratitude and I will giadly comply.

"Our boys" must have been terribly demoralized yesterlay, although the reports indicate that they played a fairly good gains. Of course they went on their trip much weakened by the loss of Daily land Myers. Numerous changes were made in the post-tions yesterday, and as Gaffney does not shift the mon about needlessly something serious must have occurred. There is trouble in the Pittaburg camp. When the men were poid off the other day Morris, Carroll and Brown found they were each \$50 short. They found it was for that little Philladelphia "racket." These players are very sore over the fines, and say they would like their releases. Morris feels badly. He says he is practically working for nothing, having paid \$510 in fines since April. He says he will show people, however, that he can play ball yet, but he wants his release.

Umpire Doescher resigned because of

Keefe.

Kupire Doescher resigned because of Manager Watkins' fault finding. After Tuesday's game in Petroit Watkins took Doescher to task for permitting Anon and Pfeffer to score on Thompson's wild throw into the crowd. The basif was blocked, and the runners had a right to score as long as it was withheld from the pitcher, who, the rules prescribe, shall be in his position. Watkins' point was that the ball did not go into the crowd, and was therefore not blocked. The ball did strike the crowd on blocked. The ball did strike the crowd of the hieaching boards, and Umpire Doesche was clearly right in permitting the mon to score so long as the ball was withheld from Conway. The resignation of the umpire will be a great loss to the League.
